

# Stephen Malkmus, Dynamic Calories

Pack up the brats, it's nineteen eighty three  
You're in a band, Dynamic Calories  
From York to New York, you were a mild sensation  
Coverin' costs, sleepin' on floors and havin' flings (baby yeah)  
Little later you know, it was so atavistic  
Make le rendezvous, make le rendezvous, make le rendezvous (Ooh ooh-ooh)

Times are gonna change, you will be amazed  
Times are gonna change, you will be amazed  
Times are gonna change, they will come around for you-oo-oo (I said, baby  
yeah)

Vocal panache, specializing in drama  
Jangly guitars, angular chops, and those wet, wet drums  
But unlike that metal that lives on and on  
You are forgotten like a drab dress  
Rendezvous, rendezvous, make le rendezvous-who-ooo-oo

Times are gonna change, you will be amazed  
Times are gonna change, you will be amazed  
Times are gonna change, you will be amazed
