

# Stephen Malkmus, Hopscotch Willie

Hopscotch Willie swore he was framed  
he was a mark not a killer  
so he did claim  
it was a classic example of a fall guy  
facts all point to skinny white ass  
he had the motive and the means  
and a weapon to match  
and if he managed to escape the long arms of the law  
i will be shocked because i know that he is going down

the dick said to willie, you're in the clink  
so save the the pity party for the county shrink  
i'm sure they'll find some profound parallels to mind  
you can't blame me for my guilty face  
it was a gift from my mother, my father in place  
of all the love they should have given  
they just left me with this dirty dna  
that makes you think i'm the one you want

do a little hopscotch, do a little hopscotch, do a little hopscotch, willie hopscotch.  
do a little hopscotch, willie hopscotch, do a little willie hopscotch, Willie hopscotch  
do a little hopscotch, willie hopscotch, do a willie willie hopscotch, willie hopscotch  
do a little hopscotch willie hopscotch, do a little willie hopscotch, wilie willie hopscotch  
willie!

this all went down not far away just a weak stone's throw  
from sheepshead bay, a corspe was found in pieces underneath the pier

willie was found not far from the scene  
he was panting like a pitbul, minus the mean  
he was panting like a pitbull, panting like a pitbull, pantin like a pitbull, panting like a pitbull minus th  
minus the mean
