

Stephen Marley, Let Her Dance

[Verse 1: Stephen]

She caught my eyes, from across the room
So tantalized by the way that she moves
Yo mister DJ give her a chance
Don't stop the music, please let her dance
Wink and a smile now she's dancing for me
All this attention yo what could this be?
Yo tell the DJ, play that again
Play that same music so she can

[Hook:]

Dance dance, dance dance, dance dance, dance dance
Dance dance, dance dance, dance dance, cho!

[Verse 2: Stephen]

Now she was grooving on the dance floor
Way that she moved I was wanting some more
Yo mister DJ give her a chance
Don't stop that music, please let her dance
Wink and a smile, she was dancing for me
All this attention yo what could this be
Yo tell the DJ play that again
Play that same mu-sic so she can

[Hook:]

Dance dance, dance dance, dance dance, dance dance

[Verse 3: Illestr8]

Oh yeah, I'm chill as a villain
You nillas' is grillin
Cause they wanna dance
But they couldn't get her attention
Listen, she's sick with the rhythm
Twists her hips into different positions
And ain't spilled the drink that she's sipping
Got a cute face, slim waist, and pretty bow legs
M'a I'll give it to you the day you gimme the go ahead
Oh yeah, it's the kings in the building
Ghetto Youths representing for the women and children

[Verse 4: Maya Azucena]

See I caught his eyes, from across the room
He's tantalized by the way that I move
Yo mister DJ give us a chance
Don't stop the music please let us dance
Ooh, I could tell, he was smiling at me
All this attention now what could this be
Hey mister DJ play that again
Play that same music so we can...

[Hook:]

Dance dance, dance dance, dance dance, dance dance
Dance dance, dance dance, dance dance, dance dance

[Verse 5: Stephen]

So tantalized by the way that she moves
