

# Stephen Sanchez, High

Pull you underneath the slumber  
Into the light before the thunder  
Tell me, is there any wonder about where we stand?  
Little honey in the summer, fell in love with Hunter  
Oh, I can't have this

I'm gonna get you so high  
It's gonna send you reeling  
Baby, gonna feel it  
Baby, gonna feel it  
I'm gonna go down all night  
It's gonna get you kneeling  
Baby, can you feel it?  
I'm gonna make you feel this  
I'm gonna get you so high

Ooh-ooh, ooh

I couldn't let go of the sonnet  
Look how out of hand it's gotten  
Is it wrong for me to want this?  
But, baby, all I do is want it  
And if I knew that I could have you  
Don't you know that I'd be glad to show it?

I'm gonna get you so high  
It's gonna send you reeling  
Baby, gonna feel it  
Baby, gonna feel it  
I'm gonna go down all night  
It's gonna get you kneeling  
Baby, can you feel it?  
I'm gonna make you feel it  
I'm gonna get you so high

I'm gonna get you so high  
It's gonna send you reeling  
Baby, gonna feel it  
Baby, gonna feel it  
I'm gonna go down all night  
It's gonna get you kneeling  
Baby, can you feel it?  
I'm gonna get you so high
