

Stephen Stills, Blues Man

(Jimi the Fox, The Owl and Skydog)

Blues man

Play your hand

Do it right

Come on strong

Don't stay too long

Runnin' wild

Singin' child

Powered sound

Push you hard

Lookin' to get down

Such a waste

Y'left such a space

I shared your dreams

I felt your heart

Did I hear you scream

Runnin' scared

Y'run everywhere

Could not choose

Where to hide

Play the blues

Played it mad

Played it sad

Blues is pain

The way men cry

Like tired rain

Blues is mean

The real thing

Three good men

I knew well

Never see again
