Stephen Stills, Just Isnt Like You

There is a stranger where I once knew you There is a dangerous energy flows through you I don't know what to say Just get out of the way And remind you This just isn't like you I wouldn't pay no mind 'cept for the voices Telling you I won't mind you makin' my choices Not wishing to be unkind But you are out of line Need I remind you This just isn't like you And I must confess to bein' heart broken That you would still insist I been jokin' When I am always there As you are well aware Doesn't it strike you It just isn't like you
