

# Steppenwolf, Corrina, Corrina

Corina Corina, Girl where you been so long  
Corina Corina, where you been so long  
I've been worried about you baby  
Why won't you please come home

I got a bird that whistles I got a bird that sings  
Got a bird that whistles I got a bird that sings  
But I ain't got Corina and life don't mean a thing

Corina Corina Ah you're on my mind  
Corina Corina you're on my mind  
I think about you girl and I can't keep from crying
