

# Steppenwolf, Fool's Fantasy

Words and Music by Goldy McJohn

Slip away with me  
Let our hearts be free  
Live a life of love  
There's no need to care  
Sharin' it together  
Whatcha got to lose?  
In love and life, it's all you get,  
It's easy to choose.

There's a way for love  
We can make it work  
There's a way for love  
A fool's fantasy  
Is that so much to ask for?  
Everything we're dreamed about  
Could be ours forevermore.

Take a chance on freedom  
Come take a chance on me.  
We'll drown ourselves in pleasure  
Just happy to be  
Without inhibitions and nothing to fear  
We'll while away the summer sun  
Nibblin' on an ear.
