

# Steppenwolf, Rock Me

She asked me maybe I could share her sorrow  
For all the men that tried to treat her wrong  
Though just a baby, awaiting her tomorrow  
It's rock me baby, rock me baby, all night long

She needs an answer to her confusion  
Someone to guide her with tenderness  
But when she's askin' for a solution  
All that she gets, you know, is something like this

I don't know where we come from  
Don't know where we're goin' to  
But if all this should have a reason  
We would be the last to know  
So let's just hope there is a promised land  
Hang on 'til then  
As best as you can

Ev'rybody's ills, you know it fills her with compassion  
That's why she tries to save the world alone  
She helps the needy in her own fashion  
And tries to give them all her own

She needs an answer to her confusion  
Someone to guide her with tenderness  
But when she's askin' for a solution  
All that she gets, you know, is  
Something like this

Repeat Chorus
