

# Steps, Baby Don't Dance

Our love is enough is enough

Baby I'm in love  
Don't hold me back, don't stop me now  
Baby I'm in love  
Can't hold me back, don't stop me now  
Baby I'm in love  
Can't hold me back, no way no how  
Baby I'm in love  
Don't stop me now, can't hold me back

And when I'm with you baby  
I'm never gonna give it up  
Just me and you baby  
Our love is enough is enough

Baby don't dance, baby don't sing  
Baby don't have to do anything  
'Cos my baby got something that does it for me  
This is love that we got and I like it, I like it  
Baby don't groove, baby don't swing  
Baby don't have to prove anything  
'Cos my baby's so real it's the way I feel  
This is love and I like it

It makes my heart go...  
It makes my heart go...

Baby I'm in love  
And I'm feelin' high, and it feels so right  
Baby I'm in love  
Can't hold me back, don't stop me now

And when I'm with you baby  
I'm never gonna give it up  
Just me and you baby  
Our love is enough is enough

Baby don't dance, baby don't sing  
Baby don't have to do anything  
'Cos my baby got something that does it for me  
This is love that we got and I like it, I like it  
Baby don't groove, baby don't swing  
Baby don't have to prove anything  
'Cos my baby's so real it's the way I feel  
This is love and I like it

It makes my heart go...  
It makes my heart go...

And when I'm with you baby  
I'm never gonna give it up  
Just me and you baby  
Our love is enough is enough

Baby don't dance, baby don't sing  
Baby don't have to do anything  
'Cos my baby got something that does it for me  
This is love that we got and I like it, I like it  
Baby don't groove, baby don't swing  
Baby don't have to prove anything  
'Cos my baby's so real it's the way I feel  
This is love and I like it
