

# Steps, Buzzz

I see the way you act  
Like you're nonchalant  
But there's no way to hide  
What's in your eyes, what's going on  
I'm not imagining the message coming through  
So I'll just say the way I feel  
I know you feel it too  
Think I know the reason that you're holding back  
Don't want me to see you overreact  
I'm not the kind that has to have it rehearsed  
I'm making my move, I'll go first  
I get a b-b-buzzz off you  
Just bec-c-c-cause I do  
I'm just saying it just the way it is  
Cause it's everywhere in this room  
I get a b-b-buzzz off you  
And you're making me crazy inside  
The secret's out and there ain't no doubt  
Wanna give this b-b-buzzz right back to you  
I guess I could pretend as if I didn't care  
But that's just a game to play  
To walk away and leave you there  
I want you next to me  
So I'll just speak the truth  
It's not so hard to say  
Come on admit you want it too  
Think I know the reason that you're holding back  
Don't want me to see you overreact  
I'm not the kind that has to have it rehearsed  
I'm making my move, I'll go first  
I get a b-b-buzzz off you  
Just bec-c-c-cause I do  
I'm just saying it just the way it is  
Cause it's everywhere in this room  
I get a b-b-buzzz off you  
And you're making me crazy inside  
The secret's out and there ain't no doubt  
Wanna give this b-b-buzzz right back to you  
You know it's true  
I get electric when I feel everything you d-d-do  
I know you know it's what I want, what I need from y-y-you  
I'd only be a liar if I said I didn't get a rush  
Gimmie a shot  
I know you're hot  
You know I got a b-b-buzzz  
I get a b-b-buzzz off you  
Just bec-c-c-cause I do  
I'm just saying it just the way it is  
Cause it's everywhere in this room  
I get a b-b-buzzz off you  
And you're making me crazy inside  
The secret's out and there ain't no doubt  
Wanna give this b-b-buzzz right back to you
