

# Steps, Here And Now

Here and now, I wanna be the one for you  
In everything you want me to  
'Cos I couldn't live if we're apart  
(Here and now)

Time, is running out for you and me  
'Cos nothing's what it's used to be  
I guess I'm the only one to blame  
But I promise you to make it right  
Forget all the sorrows you bare within tonight  
Believe in me when I say...

Here and now, I wanna be the one for you  
And everything you want me to  
'Cos I couldn't live if we're apart  
(Here and now)

Say, there's something I can do  
If I can make it up to you  
For everytime I let you down  
And I promise you to make it right  
Forget all the sorrows you bear within tonight  
Believe in me when I say...

Here and now, I wanna be the one for you  
And everything you want me to  
'Cos I couldn't live if we're apart

Here and now, let's tear down the walls together  
It's better late than never  
I know that we will find away, here and now  
I'll be there for you, there for you, there for you  
Here and nowwwwwwwwwww

Here and now, I wanna be the one for you (wanna be the one)  
And everything you want me to  
'Cos I couldn't live if we're apart  
Here and now, I wanna fall in love again  
And try to be the best I can  
So give me a chance to win your heart

Here and now, I wanna be the one for you  
And everything you want me to  
'Cos I couldn't live if we're apart  
Here and now, I wanna fall in love again  
And try to be the best I can  
So give me a chance to win your heart
