

Steps, Here & Now

Here and now I wanna be the one for you
In everything you want me to
'cos I couldn't live if we're apart

Time is running out on you and me
'cos nothing's what it used to be
I guess I'm the only one to blame
But I promise you to make it right
Forget all the sorrows you bear within tonight
Believe in me when I say

Here and now I wanna be the one for you
In everything you want me to
'cos I couldn't live if we're apart

Say there is something I can do
If I can make it up to you
For every time I let you down
And I promise you to make it right
Forget all the sorrows you bear within tonight
Believe in me when I say

Here and now I wanna be the one for you
In everything you want me to
'cos I couldn't live if we're
Apart

Here and now let's tear down the walls together
It's better late than never
I know that we could find a way here and now
I'll be there for you

Here and now I wanna be the one for you
In everything you want me to
'cos I couldn't live if we're
Apart

Here and now I wanna be the one for you
In everything you want me to
'cos I couldn't live if we're
Apart
Here and now I wanna fall in love again
And try to be the best I can
So give me a chance to win your heart
