

# Steps, Here & Now

Here and now I wanna be the one for you  
In everything you want me to  
'cos I couldn't live if we're apart

Time is running out on you and me  
'cos nothing's what it used to be  
I guess I'm the only one to blame  
But I promise you to make it right  
Forget all the sorrows you bear within tonight  
Believe in me when I say

Here and now I wanna be the one for you  
In everything you want me to  
'cos I couldn't live if we're apart

Say there is something I can do  
If I can make it up to you  
For every time I let you down  
And I promise you to make it right  
Forget all the sorrows you bear within tonight  
Believe in me when I say

Here and now I wanna be the one for you  
In everything you want me to  
'cos I couldn't live if we're  
Apart

Here and now let's tear down the walls together  
It's better late than never  
I know that we could find a way here and now  
I'll be there for you

Here and now I wanna be the one for you  
In everything you want me to  
'cos I couldn't live if we're  
Apart

Here and now I wanna be the one for you  
In everything you want me to  
'cos I couldn't live if we're  
Apart  
Here and now I wanna fall in love again  
And try to be the best I can  
So give me a chance to win your heart
