

# Steps, Love's Got A Hold On My Heart

Love's got a hold on my heart...

I'm calling out, won't somebody out there hear my SOS?  
Throw me a lifeline please, and save me.  
Theres no doubt, baby you took me prisoner I confess  
When you crossed my defences and captured my heart

And now its too late  
To put up a fight  
I thought I was strong but as hard as I try  
Can't break away.  
Darling theres no way out  
Nothing can help me now  
Love's got a hold on my heart

Love's got a hold on my heart...

There's no escape, now I'm like a damsel in distress  
Trapped in this fairytale forever  
And no mistake, it's tragic but I'll have to face the truth I guess  
And live evermore resigned to my fate

'Cos now its too late  
To put up a fight  
I thought I was strong but try as I might  
Can't break away  
Darling theres no way out  
Nothing can help me now  
Loves got a hold on my heart  
Yeah yeah  
Loves got a hold on my heart

Hold on my heart  
Hold on my heart  
Loves got a hold on my  
Got a hold on my  
Heart

And now its too late  
To put up a fight  
I thought I was strong but try as I might  
Can't break away  
Darling theres no way out  
Nothing can help me now  
Loves got a hold on my heart

Can't break away  
Darling theres no way out  
Nothing can help me now  
Loves got a hold on my heart  
Oooh oooh  
Loves got a hold on my heart
