

Steps, Mars & Venus (We Fall In Love Again)

You stop and I go
Too fast, much too slow
Your uptown is downtown to me
I lose it, you find it
You're ahead and I'm behind it
Your day time is night-time to me
Feels like a million miles between us
Just like Mars & Venus
Must be the pull of gravity
I'm made for you, you're made for me

(Chorus)
Sometimes I drive you crazy
Sometimes you wanna change me
I say you don't, you say I do
That's how it plays with me and you
When we can't seem to make up
When we are about to break up
I look at you, you smile at me and then
We fall in love again
(Just like Mars & Venus)x2

You get what I don't
And you will when I just won't
Your upside is downside to me
I flip it, you drop it
You start me up and I can't stop it
You're on time is off time to me
Feels like a million miles between us
Just like Mars & Venus
Must be the pull of Gravity
I'm made for you, you're made for me

(Chorus)
For ever action, baby, baby, there's reaction
Must be opposite attraction
No matter what you're my ultimate distraction
And I know it gives you satisfaction
I was made for you and you were made for me

(Chorus)
We fall in love againx2
(Just Like Mars & Venus) to fade
I look at you we fall in love again
we fall in love again to fade
