

# Steps, We're Gonna Have A Party

We're gonna have a party,  
Let's get down tonight,  
So come on every body,  
Wanna make you feel alright,

We're gonna have a party,  
Everybody lose control,  
Come on now and feel it in your soul,

I was alone,  
I was feelin down,  
Didn't have no place to go,  
So I started hangin' round,  
Called my friends up on the phone,  
There's no sense in stayin home,  
When we can get together,

You.... came,  
Broke into my heart,  
As you walked into the room,  
When you made my party start,  
All my friends they would agree,  
That you are the one for me,  
And tonight you're gonna find,  
That you are mine,

We're gonna have a party,  
Let's get down tonight,  
So come on everybody,  
Wanna make you feel alright,  
We gonna have a party,  
Everybody lose control,  
Come on now and feel it in your soul,

Nows the time,  
Party vibes,  
STEPS in the house,  
Makes ya feel alive,  
We're gonna get high,  
We're gonna get hot,  
I'm gonna wind you up,  
Till you're beggin me to stop  
Now GO! (go)  
With the party feeling,  
Get ya hands up to the ceiling,  
Listen up,  
Here's what to do,  
Now it's time for me to hear you

Have ya got that party feelin?  
We got that party feelin!  
Have ya got that party feelin?  
We got that party feelin!

Come on with me one more time,  
Let me hear ya hear ya sing tonight,

We're gonna have a party,  
Let's get down tonight,  
So common everybody,  
Wanna make you feel alright.  
We gonna have a party,  
Everybody lose control,  
Come on now and feel it in your soul!
