

# Steps, Words Are Not Enough

I think I heard about a thousand times or more  
Don't you bother wasting time  
You're telling me  
You're so much better than before

But I find it hard believin'  
Until you prove me wrong

If you really want my love  
If I'm all you're dreaming of  
You may find it tough  
Cos words are not enough  
(If you want my love)

I wouldn't ever make the same mistake again  
Don't wanna be nobody's fool  
I wouldn't play the losing game where you can't win  
There ain't nothing that I'm missing  
So you'd better prove me wrong

If you really want my love  
If I'm all you're dreaming of  
You may find it tough  
'Cause words are not enough  
If you want my love

You know it ain't easy  
To find a new way  
After everything that we've been through  
So come on and please me  
And show that I'm wrong  
Let me see you bring the best out of you

If you really want my love  
If I'm all you're dreaming of  
You may find it tough  
'Cause words are not enough  
If you want my love

If I'm all you're dreaming of (all you're dreaming of)  
You may find it tough  
'Cause words are not enough  
If you really want my love (if you want my love)

If I'm all you're dreaming of (all you're dreaming of)  
You may find it tough  
'Cause words are not enough  
If you really want my love (if you want my love)  
If I'm all you're dreaming of (all you're dreaming of)  
You may find it tough  
'Cause words are not enough
