

Steps, You're Everything That Matters To Me

Used to say, I know
To find my love
I'd climb any mountain
Now I've reached the top
The only way
Is down again

You're not everything to me that matters
My whole world when you leave won't shatter
I will do my best
To make you see
You're not everything
No you're not everything

I know I should have told you
If you want my arms
To ever hold you
Gonna need more love than this
How will I make you see
If you knew the whole truth
You'd find that I've
Been tryin' to show you
Just what your love means to me
I can't let you in

You're not everything to me that matters
My whole world when you leave won't shatter
I will do my best
To make you see
You're not everything
No you're not everything

Don't wanna spend my whole life
Just waitin' on the pain
Oh oh
I need some time
I need some time
While I'm waiting in the rain
And if I let you hold me
Will I ever survive
Oh oh
So I'll deny the feelings I've
Tried hard so long to hide, oh

You're not everything to me that matters
My whole world when you leave won't shatter
I will do my best
To make you see
You're not everything
No you're not everything to me

You're not everything to me that matters (To me)
My whole world when you leave won't shatter (Oh)
I will do my best to make you see
You're not everything
But you're everything that matters to me
