

Stereo 360, Vasoline Mouth

(Hills/Zimmerman 2:55)

Do you have the time
Do you think that you could do without it
Do you have the smile
Do you think you may get by without it
Don't you think it's time
Just to take a minute out
To powder yourself
To powder yourself
To powder your

Vaseline mouth
Never Touched Me
I control you
Like I do the TV
Maybelline me
I never looked so good
I can touch you
Anywhere you think I should

What did you have in mind
Just try not to be a creep about it
I have told some lies
Maybe you've known about em'
Don't you think it's time
And all you do is sit around
And powder yourself
And powder yourself
Now powder your

Vaseline mouth
Never Touched Me
I control you
Like I do the TV
Maybelline me
I never looked so good
I can touch you
Anywhere you think I should
