

# Stereo Total, Chelsea Girls

Here's Room 506  
It's enough to make you sick  
Bridget's all wrapped up in foil  
You wonder if she can uncoil.

Here's Room 115  
Filled with S & M queens  
Magic marker row  
You wonder just high they go.

Here they come now  
See them run now  
Here they come now  
Chelsea Girls

Poor Mary, she's uptight  
She can't turn out her light  
Her perfect love's don't last  
Her future died in someone's past.

Dropout, she's in a fix,  
Amphetamine has made her sick  
White powder in the air  
She's got problems to be solved

Here they come now  
See them run now  
Here they come now  
Chelsea Girls

Here comes Johnny Bore,  
He collapsed on the floor  
They shot him up with milk  
And when he died sold him for silk

Here they come now  
See them run now  
Here they come now  
Chelsea Girls
