

# Stereomud, Leave (Back Up)

this won't be what you want to hear  
coming from me  
i'm tired of hiding my hate inside from you  
i can't take it all right now  
i think you should

[pre-chorus:]  
just stay away, get away, run away  
so far away that you're never gonna see me  
you don't wanna face the reality  
that you'll never be nothing more  
nothing less to me  
[repeat]

[chorus:]  
back up, back off  
you're always pushing me  
back up, back off  
you're right on top of me  
get out, get out, get out  
what do you want from me?  
the hate inside of me  
you bring it out of me

so beautiful  
you're confusing me  
it's hard to let go  
how did I make it this far away from you?  
i've heard all the lies that won't come true  
i wish you would

[pre-chorus]

[chorus]

go on get out, go on get out  
why are you always pushing me?  
what you should do  
what you should do  
is leave

[pre-chorus]

[chorus]

Do you feel like everyone else feels?
