

# Stereophonics, I miiss You now

I feel I wanna hold you, wanna tell you that you'll be alright

Sang this song today, it's recalling your pictures all in my mind

I miss you now

I miss you now

Although we're getting old now my old friends gonna leave me and die

I'm helpless, it's gonna get us before we get this,

I wanna kiss you goodbye

I miss you now

I miss you now

I miss you now

I feel I wanna hold you, wanna tell you that you'll be alright

I'm helpless, it's gonna get us before we get this,

I wanna kiss you goodbye

I miss you now

I miss you now

I miss you now
