

# Steve Earle, All Of My Life

I guess I don't get out too much  
If it wasn't enough I hear all these voices  
Always tellin' me that I'm bad  
But it's all in my head - like all those scary noises  
chorus  
I've been waiting all of my life  
All of my life  
I've been waiting all of my life  
All of my life  
Some nights when I'm laying in bed  
Wish I was dead - and I know you'd never miss me  
But I know where you go when you dream  
Strange as that seems 'cause I never even kissed you  
chorus  
Everybody wants to be somebody's somethin'  
Ain't nobody wants to be blue  
Ain't nobody anywhere ever loved nothin'  
Half as much as I love you  
Somebody somewhere said "love is a prison"  
But no one really wants to be free  
I'd have to be crazy to ever think someone  
Could love a nobody like me  
I'm here alone in the dark  
But I know where you are  
'Cause I can hear you breathin'  
Come a little closer you'll find  
You were meant to be mine  
'Cause you're the only reason
