

# Steve Earle, Open Up Your Door

Here I am sittin' on your porch, dear  
Beggin' you darlin', let me in  
In total submission I have come here  
Oh sweetheart, I know how bad I've been  
I won't let my dog sleep in your hallway  
I won't spit my tobacco on your floor  
I'll come runnin' when you call me  
If you just opened up your door  
If you tell me you still love me  
I won't drink or cuss no more  
I won't call your mama ugly  
And I won't chase women like before  
I won't let my dog sleep in your hallway  
I won't spit my tobacco on your floor  
I'll come runnin' when you call me  
If you just opened up your door  
I won't let my dog sleep in your hallway  
I won't spit my tobacco on your floor  
I'll come runnin' when you call me  
If you just opened up your door  
If you just opened up your door
