

# Steve Earle & The Dukes, Down The Road

On the blue side of evenin'  
When the darkness takes control  
You start lookin' for a reason  
To take your lonesome on down the road

'Cause the night is filled with strangers  
All you need is one you know  
And if she ain't the one you're after  
Keep on lookin' on down the road

Though the miles lay long behind you  
You have still got miles to go  
How's love ever gonna find you  
If it ain't here it's down the road

Keep on lookin' on down the road
