

Steve Earle & The Dukes, I Don't Want To Lose You Yet

Baby its a cold hard world out there
Broken hearted people everywhere
Taking whatever love they get
I dont want to wind up like that so

Baby put your arms around my neck
Lay your pretty head against my chest
Listen to one heartbeat then the next
Cos baby I don't want to lose you yet

You know I love you
And I know you love me
It's everything that loves supposed to be
I dont want to look up one day
And find that I've let it slip away

Baby put your arms around my neck
Lay your pretty head against my chest
Listen to one heartbeat then the next
Cos baby I don't want to lose you yet

I can't tell you nothin' bout love i guess
that you don't already know
Girl when your in my arms like this
I don't ever want to let you go so

Baby i might be wrong but what if I'm right
And everythings depending on us tonight
Maybe we'll pass this way again
But honey I don't want to wait till then

Baby put your arms around my neck
Lay your pretty head against my chest
Listen to one heartbeat then the next
Cos baby I don't want to lose you yet

Baby put your arms around my neck
Lay your pretty head against my chest
Listen to one heartbeat then the next
Cos baby I don't want to lose you yet
