

# Steve Earle & The Dukes, I Thought You Should

I been watchin' you watchin' me  
I could feel your eyes from way across the room  
But now that I'm holdin' you close I can see  
Ain't no way I'm gonna get around you  
I won't tell you I don't need you tonight  
I won't pretend I ain't burnin' inside  
Your skin glowin' soft in the silver moonlight  
The shadows where the promises hide  
The bittersweet taste of your kiss  
It's all more than I can resist

If you're thinkin' bout breakin' my heart  
You might as well just pick up your little black dress and go  
Somebody else already tore it apart  
And I thought you should know

Maybe this is all that you want  
Maybe you're just as lonesome as me  
A shoulder that you can cry on  
A warm safe place you can be  
Someone to call in the middle of the night  
When the ghosts in your bedroom won't rest  
Two arms to hold you tight  
I promise that I'll do my best  
To give you everything I got to give  
And keep your secrets for as long as I live
