

# Steve Earle & The Dukes, My Baby Worships Me

Let me tell you bout the girl of mine  
Got her walkin' down th'assembly line  
She bring the paycheck home to me  
My baby, she worships me

She like the way I walk  
She like the way I talk  
That woman can't let me be  
My baby, she worships me

Go tell her, she pays the bill  
She make the payment on my Coupe de Ville  
She leave a 20 for me every day  
My baby, she pays my way

She like the way I walk  
She like the way I talk  
That woman can't let me be  
My baby, she worships me

My baby, she treat me right  
We ain't never been in a fight  
Once she caught me with her best friend Sue  
She just giggled, say "Ain't he cute?"

She like the way I walk  
She like the way I talk  
That woman can't let me be  
My baby, she worships me

My baby, she worships me
