## Steve Earle & The Dukes, Open Up Your Door

Here I am sittin' on your porch, dear Beggin' you darlin', let me in In total submission I have come here Oh sweetheart, I know how bad I've been

I won't let my dog sleep in your hallway I won't spit my tobacco on your floor I'll come runnin' when you call me If you just opened up your door

If you tell me you still love me I won't drink or cuss no more I won't call your mama ugly And I won't chase women like before

I won't let my dog sleep in your hallway I won't spit my tobacco on your floor I'll come runnin' when you call me If you just opened up your door

I won't let my dog sleep in your hallway I won't spit my tobacco on your floor I'll come runnin' when you call me If you just opened up your door If you just opened up your door
