

Steve Earle & The Dukes, Some Dreams

(Steve Earle)

When I was a little guy
My daddy told me "Mister,
Don't ever try to climb too high
'Cause it's the fall that gets ya
And some dreams can never come true
They'll never come true"

Well, I heard every word he said
But I don't guess I listened
But every time I banged my head
Against the wall or system
Yeah, some dreams don't ever come true
Don't ever come true
But some dreams do
If you just hang on
And your heart is true
And your hope is strong

Well, just because you've been around
And had your poor heart broken
That's no excuse for lyin' there
Before the last word's spoken
'Cause some dreams don't ever come true
Don't ever come true
Aw, but some dreams do

When you're feelin' low
And you think you're through
That's when you will know

Yeah, when you wish upon a star
Buddy, don't you miss it
Catch it 'fore it falls too far
Keep it with your secrets
'Cause some dreams don't ever come true
Don't ever come true
Don't ever come true
But some dreams do
