

# Steve Earle & The Dukes, Sparkle And Shine

My baby sparkle and shine  
Sparkle and shine  
Sparkle and shine  
My baby sparkle and shine  
And everyone knows she's fine  
She blesses all that she sees  
A toss of her hair and a kiss in the breeze  
But she don't love no one but me  
And I can't believe she's mine

Shimmering she moves  
Sunlight all around her  
Even when she's blue  
Silver clouds surround her

My baby sparkle and shine  
Sparkle and shine  
Sparkle and shine  
My baby sparkle and shine  
And I can't believe she's mine

My baby swings down the street  
Big tall high heel shoes on her feet  
Walks by and my heart skips a beat  
And I'm stumblin' like a fool  
She give me somethin' so sweet  
I can't sleep y'all and I can't eat  
Sparks fly whenever we meet  
I'm breathless 'cause she's so cool

Anywhere she goes  
I can only follow  
She'll be there I know  
When I awake tomorrow

My baby sparkle and shine  
Sparkle and shine  
Sparkle and shine  
My baby sparkle and shine  
And everyone knows she's fine

My baby sparkle and shine  
Sparkle and shine  
Sparkle and shine  
My baby sparkle and shine  
And everyone knows she's fine

And everyone knows she's mine
