

# Steve Earle & The Dukes, The Revolution Starts

I was walkin' down the street  
In the town where I was born  
I was movin' to a beat  
That I'd never felt before  
So I opened up my eyes  
And I took a look around  
I saw it written cross the sky  
The revolution starts now  
Yeah, the revolution starts now

The revolution starts now  
When you rise above your fear  
And tear the walls around you down  
The revolution starts here  
Where you work and where you play  
Where you lay your money down  
What you do and what you say  
The revolution starts now  
Yeah the revolution starts now

Yeah the revolution starts now  
In your own backyard  
In your own hometown  
So what you doin' standin' around?  
Just follow your heart  
The revolution starts now

Last night I had a dream  
That the world had turned around  
And all our hopes had come to be  
And the people gathered round  
They all brought what they could bring  
And nobody went without  
And I learned a song to sing  
The revolution starts now
