

Steve Earle & The Dukes, You Belong To Me

Lately I've been feeling a little uneasy so I run straight home to you
It's been cold as hell and you just can't tell what a girl might do
I made a whole lot of promises baby, but none of my dreams came true
And it's you that paid and I'm so afraid that I'm losing you

But you belong to me
You belong to me
you belong to me, me, baby, me

Now your mama said you could do better than me, baby I know that's true
But you believed me instead. every word I said, and I did too

But every day's a little bit harder out there no matter what I do
Well I could carry the world on my shoulders girl long as I got you

But you belong to me
You belong to me
you belong to me, me, baby, me

But you belong to me
You belong to me
you belong to me, me, baby, me

Well my shining armour is rusted and worn
There's a heart inside here entrusted and sworn to you
Just tell me baby what I need to do
I can win you over again if you want me to

But you belong to me
You belong to me, me, baby, me
