

Steve Hackett, Cassandra

Hey Cassandra, you know about the future
Is there any reason why you know it goes so sad
Somewhere in time another premonition
Or is it a memory of what happened in the past

Cassandra, when you cry
Cassandra, ???
Cassandra, stay the night
Cassandra, tears so right

When will you know if you can break the danger
Haven't you seen by now what lies ahead
Nobody listens till it's too late to change it
Was it suspicion, no matter what you said

Cassandra, when you cry
Cassandra, ???
Cassandra, stay the night
Cassandra, tears so right

Cassandra, when you cry
Cassandra, ooh ooh ooh
Cassandra, woaaah
Cassandra, cry cry cry
Cassandra, tears so right
Cassandra
Cassandra
