

# Steve Hackett, Reach Out (Never Say No)

The question I'm asking  
Is what are you planning  
The answer that's coming  
Better ring true  
You say that you need me  
Don't know what to believe

Loving you  
Makes nothing easy  
After all  
The things we want are not the same

Reach out  
Never say no

Reach out  
Never say no

Reach out  
Never say no

Don't need x-ray vision  
I see right through you  
Your love makes trouble  
The seeds of disruption  
You're always abusing  
The freedom you're given  
Loving you  
Makes nothing easy  
After all  
The things we want are not the same

Reach out  
Never say no

Reach out  
Never say no
