

# Steve Miller Band, Caress Me Baby

(Jimmy Reed)

Caress me baby  
Like the wind caress the trees  
Caress me baby  
Like the wind caress the trees  
I want you to love, love me baby  
Like a soft, soft summer breeze

Down by the river  
On a real moonlighted night  
Down by the river  
On a real moonlighted night  
I want to love, love you baby  
Everything will be all right
