

# Steve Miller Band, Circle Of Love

(Steve Miller)

Ooooooooooh  
When I met you baby  
You put a circle of love around me

Ooooooooooh  
When I met you baby  
You put a circle of love around me

And I give you my heart  
I was in love right from the start  
(liiii liiii liiii liiii liiii liiii liiii liiii)

Got my first kiss in the back seat of a car  
I was hot, I was really rarin' to go  
Got my first kiss in the back seat of a car  
At the drive-in, the drive-in movie show

And I gave her my heart  
I was in love right from the start  
(liiii liiii liiii liiii)

Ooooooooooh  
When I met you baby  
You put a circle of love around me

Ooooooooooh  
When I met you baby  
You put a circle of love around me

And I give you my heart  
I was in love right from the start  
(liiii liiii liiii liiii liiii liiii liiii liiii)
