

Steve Miller Band, The Sun Is Going Down

(Steve Miller)

Do doot do do dooo
Do doot doot do do
Do doot do do dooo
Do doot doot do do

Sittin' in a bar in San Francisco
Got no place to go
Sun is going down, man
Sun is going down

Sittin' in the bar out at the airport
Tryin' to flag a plane
Plane she won't fly
Plane she won't fly

I've been travellin' such a long, long time
Out here on this road
I've been livin' such a lonely life
Tryin' to get back home
Livin' a lonely life, tryin' to get back home

Do doot do do dooo
Do doot doot do do

I've been livin' such a lonely life
Out here on this road
I've been livin' such a lonely life
Tryin' to find a home
Tryin' to find a home
Sun is going down

Do doot do do dooo
Do doot doot do do
