Steve Miller Band, The Sun Is Going Down

(Steve Miller)

Do doot do do dooo Do doot doot do do Do doot do do dooo Do doot doot do do

Sittin' in a bar in San Francisco Got no place to go Sun is going down, man Sun is going down

Sittin' in the bar out at the airport Tryin' to flag a plane Plane she won't fly Plane she won't fly

I've been travellin' such a long, long time Out here on this road I've been livin' such a lonely life Tryin' to get back home Livin' a lonely life, tryin' to get back home

Do doot do do dooo Do doot doot do do

I've been livin' such a lonely life Out here on this road I've been livin' such a lonely life Tryin' to find a home Tryin' to find a home Sun is going down

Do doot do do dooo Do doot doot do do
