

Steve Perry, I Stand Alone

(Foster, Bayer-Sager, Perry)

I know the sound of each rock and stone
I embrace what others fear
You are not to roam in this forgotten place
Just the likes of me welcome here

Everything breathes
And I know each breath
More than enough for this man

Like every tree stands on its own
Reaching for the sky I stand alone
I share my world with no one else
All by myself, I stand alone

Deep in the darkness my heart
My heart still sees
Everything I'll never be
Behind these eyes I go everywhere
There's no need for sympathy

Everything breathes
And I know each breath
In my world there's no comprise

Like every tree stands on its own
Oh, reaching for the sky I stand alone
I share my world with no one else
All by myself

Still I will remember
Still I run with you, yeah
And when it's time for you to go
Take me in your heart

Like every tree stands on its own
Oh, reaching for the sky I stand alone
I share my world with no one else

All by myself, I stand alone
All by myself
All by myself
I stand alone
