

Steve Perry, If Only For The Moment, Girl

I'm happy just to see you here
If only for the moment girl
Why do you seem so sincere
Don't tell me you're unhappy girl

Honey
You don't need nobody
You got another place to stay
Oh...
You don't need nobody
Is it another sad mistake

I wish that we could fall again
If only for the moment girl
It's not easy to pretend
I see your eyes
They show.. it girl...

Oh you don't need nobody
You got another place to stay
Oh...
You don't need nobody
Is it another sad mistake
Sad mistake... (sad mistake)

(Solo)

If only for the moment girl
Just make believe you're mine
Oh If only for the moment girl
Stay, stay, stay with me a while

Oh If only for the moment girl
Please won't you lie to me
If only for the moment girl
Stay, stay, stay

Oh If only for the moment girl
Won't you believe you're mine
Oh if only for the moment.. girl...

Oh If only for the moment girl
Oh you'll believe in me, you're mine

Yeah
If only for the moment girl
