

Steve Perry, Once In A Lifetime, Girl

(Perry, Goodrum, Nowels, Cuomo, Landau, Jackson, London)

Did I tell you when
Did I tell you how
You turn my world
I'm gonna tell you now
You took my heart
You gave me yours
No love for me I never felt before
You're my baby, baby
Whoa, baby, baby

Do you wanna go
Do you wanna hear
Do you wanna stay
I love you dear, ha
So ain't gonna lie, no
I would not trick you
Believe me, baby, you know it's true
I wanna keep your love for me
Whoa, so everyone can see that you're my
Baby, baby
Whoa, baby, baby, oh

Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl

Hold on me baby
Just like you are
Hold on me tight or I
I might stumble and fall
Your love is so hard to endure
Don't need no doctor
'Cause there ain't no cure

Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl

You understand
Now we understand
Understand

Once in a lifetime, girl
Once in a lifetime, girl
Once in a lifetime, girl

Baby, so come on, let's do it again
More than a lover
You're more than a friend
Baby, I'm always wherever you are
Don't hide your feelings
Don't wander too far
Baby, so come on, let's do it again
