

Steve Perry, Stand Up (Before It's Too Late)

(Perry)

Is this just a dream
Livin' in a fantasy
Surrendering our hope
Never, never
Teaching old mistakes
Deep from in a memory
Two is forever
One stands apart
Love's forgotten, the pain from the start
Hate for each other, so blind to kill
'Cause it will, yes it will

(Stand up) stand up (before it's too late)
This is not a dream no
(Stand up) stand up (before it's too late)

And we walk hopelessly
What we leave behind
Is it fools' reality
Heaven is a child, I know
You know

Fear is forever, both stand apart
When love's forgotten
The tears from the start

(Stand up) stand up (before it's too late)
This is not a dream, no
Sorrow, sorrow,
Surroundin' my soul
Cry no more
All's forgiven

Two is forever
One stands apart
When love's forgotten
The tears from the start
So so unfair
We turn away, and I know,
Yes I know

(Stand up) stand up (before it's too late)
This is not a dream, no
(Stand up) stand up (before it's too late)
Stand (stand up)
Before
