

Steve Vai, The Boy-Girl Song

What am I gonna do with that girl
What am I gonna do with that girl
What am I gonna do with that girl
You know she drives me wild

That girl shes makin me crazy
But you know that I love her so
And that girl she dont mean maybe
Even though she might tell ya so and
That girl she gets so lazy
I gotta give her all my dough
But that girl is my baby
And you know that I cant let her go
