Steve Winwood, Back In The High Life Again

Hear the night music playing? Don't you know what it's saying? We should feel it together For forever Feel the beat and just hold on To the sweet midnight flowing Feel the music inside you I'll be there too Now's the time our dreams are finally coming true Feels so good we're crying Now's the time when it's down to me and you Spread these wings - we'll be flying Don't you know what the night can do? Don't you know when it's touching you? Don't you know what the night can do? Time to show all your feeling All the night is revealing Let the rhythm enfoled you Let me hold you Now we turn into music Now we never will lose it When the rhythm and night ride No heart can hide There are times that never ever come again Mem'ries there for making When the night calls, we better let it in All this love for the taking Don't you know what the night can do? Don't you know when it's touching you? Won't you help me to let it through? Don't you know what the night can do?
