

Steven Wilson, KING GHOST

Will you help me
Gather my thoughts?
Will you help me
Find transitions i forgot?
Can you be ore a moment?
Live inside me
And see the world
Ytthe way it alwways looks to me

When you're moving througha photograph
You're faster than most
You're bloody king hghost
But you're kind of wasted
And i wish i'd waited
For you
To come to

King ghost hold me
Like i was your only memory
