

Stevie Nicks, Starshine

Starshine

Oh you used to be silver

Love light, Lover's stare

Well you used to make me shiver

He said "Well this is the price that we would finally pay"

I said "I don't believe you I need you, I need you to stay"

She said "We've been together for so long"

And I said, oh I said

"Playing with fire was"

Oh you used to be silver

Love light, Lover's stare

Well you used to make me shiver

Oh, this is the price that we finally pay

I said "No, I don't believe you, I need you, I need you to stay"

She said "We've been together for so long"

Well I said "Playing with fire was, playing with fire was"

Starshine

Ooh, you used to be silver

Love light, Lover's stare

Well you used to make me shiver

He said "Well baby this is the price that we would finally pay"

And I said "I don't believe you I need you, I need you to stay"

And she said "We've been together for so long"

And I said, and I said "Playing with fire was wrong!"

Playing with fire was

Playing with fire was

Starshine

Oh you used to be silver

Run, run, runaway on down

You make me shiver

Runaway, runaway

Why don't you runaway baby?

I told you what to do with your life but you could not save me

Well, I told you what to do with your life but you could not save me
