Well theres floodin down in texas....all of the telephone lines are down
Well theres floodin down in texas....all of the telephone lines are down
And Ive been tryin to call my baby....lord and I cant get a single sound

Well dark clouds are rollin in....man Im standin out in the rain
Well dark clouds are rollin in....man Im standin out in the rain
Yeah flood water keep a rollin....man its about to drive poor me insane

Well Im leavin you baby....lord and Im goin back home to stay
Well Im leavin you baby....lord and Im goin back home to stay
Well back home I know floods and tornados....baby the sun shines every day
