

# Stevie Ray Vaughan, I'm Leaving You

I'm leavin' you woman....before I commit some crime  
I'm leavin' you woman....before I commit a crime  
You the evilest woman....i think ever crossed my mind

You put poison in my coffee....instead of milk or cream  
You poison my coffee....in with that milk and cream  
You're the meanest woman....i think I've most ever seen

You mix my drink....with a can of red devil lye  
You mix my drink....with a can of red devil lye  
Then you sit right down....watchin' me....hopin' I might die

You better be watchin' me baby....baby it was not my time  
You better be watchin' me baby....just might be your time
